CRESCENT WALKWAY THROUGH WETLANDS

CRESCENT GROVE PLAN

Timeless in simplicity and beauty, like its landscape, both stark and serene, the Memorial should be quiet in reverence, yet powerful in form, a place both solemn and uplifting.

It should instill pride, and humility. The Memorial should offer intimate experience, yet be heroic in scale. Its strong framework should be open to natural change and allow freedom of personal interpretation.

We want to restore life here, to heal the land, and to nourish our souls. In this place, a scrap yard will become a gateway and a strip mine will grow into a flowering meadow.

But more than restoring health, the Memorial should be **radiant**, in loving memory of the passengers and crew who gave their lives on Flight 93.
